

Table of Contents

Overview	1-1
Preface.....	1-1
Important Telephone Numbers.....	1-3
System Options	1-4
Items to Consider in Choosing a System Option.....	1-6
Sources of Assistance.....	1-7
PC Software	2-1
What is FISAP for Windows?.....	2-1
Why Would I Use FISAP for Windows?.....	2-2
PC Requirements.....	2-3
Optional Items to Consider	2-4
Interface with other ED-provided Software Systems on PC.....	2-5
How Do I Import External FISAP Data into FISAP for Windows?	2-6
Requirements.....	2-6
Steps for Importing External FISAP Data.....	2-7
The FISAP Process Using PC Software Products.....	2-9
FISAP for Windows Checklist.....	2-19
Implementation Guide	3-1
Introduction.....	3-1
2002–2003 Modifications at a Glance	3-2
2002-2003 FISAP Message Classes.....	3-3
File Creation Requirements – FISAP Data Processing Flow Requirements	3-4
Export Message Classes.....	3-5
Import Message Classes.....	3-6
Reallocation/Supplemental FWS Record Processing Flow/Requirements.....	3-9
Report Request File Processing Flow/Requirements.....	3-11
Batch Edit/Reject Codes.....	3-13

Record Layouts	4-1
Overview	4-1
FISAP Header and Trailer Record Layouts Description.....	4-2
FISAP Header Record Layout.....	4-3
FISAP Trailer Record Layout.....	4-6
Current/Edit FISAP Data	4-7
Branch Campus Record Type	4-101
Additional Information Record Type.....	4-103
Prior Year Data Record Type.....	4-104
Edit Error Codes and Suppressions Record Type.....	4-116
Reallocation/Supplemental FWS Export	4-117
FISAP Report Request Record Layout	4-118
FISAP State/Country/Jurisdiction Codes.....	4-132
Process Edits.....	5-1
Description.....	5-1
The Validate Option.....	5-1
Automatic Validation.....	5-2
Screen Edits.....	5-2
Field Edits	5-3
Rounding.....	5-3
Error Edit Messages Table	5-3
Error Edit Messages.....	5-4
Sample Verification Edit Report.....	5-57
Index.....	i
